

⇒ Conference Introduction

We are pleased to announce that **The 2nd International Conference on Medical and Health Informatics 2018 (ICMHI 2018)** will be held in Tsukuba, Japan during June 8-10, 2018. The ICMHI 2018 aims to bring together outstanding scholars, researchers, and students to exchange and share their experiences and research results about all aspects of Medical and Health Sciences. Keynote speeches will be provided to discuss the most recent innovations, trends, and concerns, practical challenges encountered and the various solutions in the fields of medical and health informatics. We cordially welcome all experts of industry, academia and government from all over the world to contribute to and help shape this conference through submissions of their research works. Eventually, the ICMHI 2018 facilitates interdisciplinary collaboration and exchange among technologists internationally.
